

CITATION REPORT

List of articles citing

Human acute myeloid leukemia is organized as a hierarchy that originates from a primitive hematopoietic cell

DOI: 10.1038/nm0797-730

Nature Medicine, 1997, 3, 730-7.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
