

# CITATION REPORT

List of articles citing

**Classical conditioning and brain systems: the role of awareness**

**DOI: 10.1126/science.280.5360.77**  
**Science, 1998, 280, 77-81.**

**Source:** <https://exaly.com/paper-pdf/28886920/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
859	Conditioning, awareness, and the hippocampus. <b>1998</b> , 8, 620-6		59
858	What is the role of dopamine in reward: hedonic impact, reward learning, or incentive salience?. <b>1998</b> , 28, 309-69		2996
857	Physiological memory in primary auditory cortex: characteristics and mechanisms. <b>1998</b> , 70, 226-51		219
856	Memory and awareness. <i>Science</i> , <b>1998</b> , 280, 59-60	33.3	47
855	Stress enhances excitatory trace eyeblink conditioning and opposes acquisition of inhibitory conditioning.. <b>1998</b> , 112, 1327-1338		55
854	Trace eyeblink classical conditioning in the monkey: A nonsurgical method and behavioral analysis.. <b>1998</b> , 112, 1062-1068		20
853	Amygdala-hippocampal involvement in human aversive trace conditioning revealed through event-related functional magnetic resonance imaging. <b>1999</b> , 19, 10869-76		396
852	Psychoneuroendocrine immunology: perception of stress can alter body temperature and natural killer cell activity. <b>1999</b> , 98, 95-129		7
851	Classical Conditioning in a Nonclinical Obsessive-Compulsive Population. <b>1999</b> , 10, 9-13		18
850	Human Eyeblink Classical Conditioning: Effects of Manipulating Awareness of the Stimulus Contingencies. <b>1999</b> , 10, 14-18		82
849	Learning in Parkinson's disease: eyeblink conditioning, declarative learning, and procedural learning. <b>1999</b> , 67, 27-34		63
848	Hippocampal neurogenesis in adult Old World primates. <b>1999</b> , 96, 5263-7		644
847	A Renewed Interest in Human Classical Eyeblink Conditioning. <b>1999</b> , 10, 24-25		5
846	Advantages of bias and prejudice: an exploration of their neurocognitive templates. <i>Neuroscience and Biobehavioral Reviews</i> , <b>1999</b> , 23, 1047-58	9	16
845	A behavioral stages model of classical (Pavlovian) conditioning: application to cognitive aging. <i>Neuroscience and Biobehavioral Reviews</i> , <b>1999</b> , 23, 797-816	9	29
844	Conscious awareness, memory and the hippocampus. <b>1999</b> , 2, 775-6		70
843	Memory deficits for implicit contextual information in amnesic subjects with hippocampal damage. <b>1999</b> , 2, 844-7		463

842	Learning enhances adult neurogenesis in the hippocampal formation. <b>1999</b> , 2, 260-5	1742
841	Comparison of brain models for active vs. passive perception. <b>1999</b> , 116, 97-107	15
840	Classical conditioning during nitrous oxide treatment: influence of varying the interstimulus interval. <b>1999</b> , 62, 449-55	6
839	Role of the hippocampal system in conditional motor learning: mapping antecedents to action. <b>1999</b> , 9, 101-17	89
838	Interactions of prefrontal cortex in relation to awareness in sensory learning. <i>Science</i> , <b>1999</b> , 284, 1531-333.3	177
837	The neural correlates of conscious experience: an experimental framework. <b>1999</b> , 3, 105-114	233
836	Cholinergic facilitation of trace eyeblink conditioning in aging rabbits. <b>1999</b> , 64, 541-8	35
835	A demonstration of classical conditioning of the human eyeblink to an olfactory stimulus. <b>1999</b> , 66, 689-93	6
834	Synthesis of novel polyethers in a geometrically precise conformation. <b>1999</b> , 1, 725-8	9
833	Detecting metamemory in nonverbal subjects: A test with pigeons.. <b>1999</b> , 25, 389-395	68
832	Temporal discrimination learning in severe amnesic patients reveals an alteration in the timing of eyeblink conditioned responses.. <b>1999</b> , 113, 10-18	23
831	Long-term retention of classical eyeblink conditioning in amnesia. <b>1999</b> , 10, 149-52	9
830	Eyeblink classical conditioning: hippocampal formation is for neutral stimulus associations as cerebellum is for association-response. <b>2000</b> , 126, 138-58	73
829	Latent learning in medial temporal amnesia: Evidence for disrupted representational but preserved attentional processes.. <b>2000</b> , 14, 3-15	12
828	Intact implicit memory for newly formed verbal associations in amnesic patients following single study trials.. <b>2000</b> , 14, 570-578	52
827	Awareness predicts the magnitude of single-cue trace eyeblink conditioning. <b>2000</b> , 10, 181-6	58
826	Classical fear conditioning in functional neuroimaging. <b>2000</b> , 10, 219-23	279
825	Patterns of regional brain activation associated with different forms of motor learning. <b>2000</b> , 871, 127-45	299

824	Sensitivity to glucocorticoid-mediated fast-feedback regulation of the hypothalamic-pituitary-adrenal axis is dependent upon stressor specific neurocircuitry. <b>2000</b> , 870, 87-101	87
823	Implicit Learning in a Simple Cued Reaction-Time Task. <b>2000</b> , 31, 364-380	5
822	Learning- and expectation-related changes in the human brain during motor learning. <b>2000</b> , 84, 3026-35	109
821	Learning performance of normal and mutant <i>Drosophila</i> after repeated conditioning trials with discrete stimuli. <b>2000</b> , 20, 2944-53	97
820	The Encyclopedia on Developmental Disabilities for Developmental Pediatricians: Developmental Disabilities in Infancy and Childhood (2nd ed., Vols. 1-10), Arnold J. Capute and Pasquale J. Accardo (Eds.). 1996. Baltimore, MD: Paul H. Brookes Publishing Co. Vol. 1 30 pp., Vol. 2 29 pp. \$195.00.. <b>2000</b> , 6, 371-372	13
