

# CITATION REPORT

List of articles citing

## Elasticity of TiO<sub>2</sub> rutile to 1800 K

DOI: 10.1007/s002690050158

Physics and Chemistry of Minerals, 1998, 26, 31-43.

**Source:** <https://exaly.com/paper-pdf/29082025/citation-report.pdf>

**Version:** 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
