

CITATION REPORT

List of articles citing

Composition and biomechanical properties of the bladder acellular matrix graft: comparative analysis in rat, pig and human

DOI: 10.1046/j.1464-410x.1998.00748.x

British Journal of Urology, 1998, 82, 411-9.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
