Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
241	A grading system for direct laryngoscopy. <i>Anaesthesia</i> , 1999 , 54, 1009-10	6.6	22
240	Non-depolarising neuromuscular blockers can be used routinely instead of suxamethonium at induction of general anaesthesia for caesarean section. 1999 , 8, 266-72		5
239	A new practical classification of laryngeal view. <i>Anaesthesia</i> , 2000 , 55, 274-9	6.6	152
238	Comparing the articulating laryngoscope and external laryngeal manipulation. <i>Anesthesia and Analgesia</i> , 2001 , 93, 1078-9	3.9	1
237	The flexiblade 2. <i>Anaesthesia</i> , 2001 , 56, 186-7	6.6	
236	Head and neck elevation beyond the sniffing position improves laryngeal view in cases of difficult direct laryngoscopy. 2002 , 14, 335-8		50
235	The modified Cormack-Lehane score for the grading of direct laryngoscopy: evaluation in the Asian population. 2002 , 30, 48-51		58
234	Predicting difficult intubation--worthwhile exercise or pointless ritual?. <i>Anaesthesia</i> , 2002 , 57, 105-9	6.6	173
233	Randomised comparison of a new paediatric laryngoscope with the Miller and Macintosh blades. 2002 , 12, 825-825		
232	Use of the bougie in simulated difficult intubation. 1. Comparison of the single-use bougie with the fibrescope. <i>Anaesthesia</i> , 2003 , 58, 846-51	6.6	13
231	A Comparison of the Upper Lip Bite Test (a Simple New Technique) with Modified Mallampati Classification in Predicting Difficulty in Endotracheal Intubation: A Prospective Blinded Study. <i>Anesthesia and Analgesia</i> , 2003 , 96, 595-599	3.9	135
230	A comparison of the upper lip bite test (a simple new technique) with modified Mallampati classification in predicting difficulty in endotracheal intubation: a prospective blinded study. <i>Anesthesia and Analgesia</i> , 2003 , 96, 595-9, table of contents	3.9	172
229	Truview™ laryngoscope - A comparison with the macintosh blade. 2004 , 21, 71		
228	Strategies for airway management. 2004 , 18, 531-48		15
227	Risk factors assessment of the difficult airway: an italian survey of 1956 patients. <i>Anesthesia and Analgesia</i> , 2004 , 99, 1774-1779	3.9	89
226	Evaluation of the airway and preparation for difficulty. 2005 , 19, 559-79		19
225	Airway management after failure to intubate by direct laryngoscopy: outcomes in a large teaching hospital. 2005 , 52, 634-40		67

224	A comparison of the GlideScope with the Macintosh laryngoscope for tracheal intubation in patients with simulated difficult airway. 2005 , 33, 243-7		83
223	General anesthesia for cardiac catheterization in a child with trisomy 14 mosaicism. <i>Anesthesia and Analgesia</i> , 2005 , 100, 1860	3.9	1
222	A comparison of rapid-sequence intubation and etomidate-only intubation in the prehospital air medical setting. 2006 , 10, 8-13		43
221	The use of the GlideScope for tracheal intubation in patients with ankylosing spondylitis. 2006 , 97, 419-22		95
220	Comparison of direct and video-assisted views of the larynx during routine intubation. 2006 , 18, 357-62		143
219	Evaluation of the new Viewmax laryngoscope in a simulated difficult airway. 2006 , 50, 562-7		23
218	[Video laryngoscopy for modified rapid sequence induction of anaesthesia: Sellick manoeuvre with and without video laryngoscopic control]. 2006 , 55, 407-13		7
217	[Videolaryngoscopy versus direct laryngoscopy for elective endotracheal intubation]. 2006 , 55, 535-40		3
216	A systematic review (meta-analysis) of the accuracy of the Mallampati tests to predict the difficult airway. <i>Anesthesia and Analgesia</i> , 2006 , 102, 1867-78	3.9	191
215	The LMA CTrach, a new laryngeal mask airway for endotracheal intubation under vision: evaluation in 100 patients. 2006 , 96, 396-400		73
214	Intubation training in emergency medicine: a review of one trainee's first 100 procedures. 2007 , 24, 654-6		9
213	A comparison of the use of Trachlight and Eschmann multiple-use introducer in simulated difficult intubation. 2007 , 24, 76-81		11
212	A comparison of the use of Trachlight and Eschmann multiple-use introducer in simulated difficult intubation. 2007 , 24, 76-81		7
211	Successful airway management of a patient with a known difficult airway with the Direct Coupler Interface Video Laryngoscope. 2007 , 19, 629-31		11
210	Comparison of airway management during anaesthesia using the laryngeal mask airway CTrach and Glidescope. 2007 , 35, 736-42		4
209	Awake laryngoscopic evaluation with remifentanyl trial. 2008 , 55, 4754981-4754982		
208	Brief report: tracheal intubation using the Bonfils intubation fibrescope or direct laryngoscopy for patients with a simulated difficult airway. 2008 , 55, 232-7		54
207	Comparison of the Glidescope, the McGrath, the Airtraq and the Macintosh laryngoscopes in simulated difficult airways*. <i>Anaesthesia</i> , 2008 , 63, 1358-64	6.6	98

206	Video-assisted instruction improves the success rate for tracheal intubation by novices. 2008 , 101, 568-72		91
205	Preliminary evaluation of a novel videolaryngoscope, the McGrath series 5, in the management of difficult and challenging endotracheal intubation. 2008 , 20, 320-1		33
204	The difficult airway in adult critical care. 2008 , 36, 2163-73		81
203	Predictive variables for difficult intubations in oral and maxillofacial surgery. 2009 , 8, 154-9		1
202	Evaluation of the GlideScope for tracheal intubation in patients with cervical spine immobilisation by a semi-rigid collar. <i>Anaesthesia</i> , 2009 , 64, 1337-41	6.6	50
201	Evaluation of the RAMP positioner in obese patients undergoing gastric bypass surgery. 2009 , 21, 76-77		
200	Learning curves of the Glidescope, the McGrath and the Airtraq laryngoscopes: a manikin study. 2009 , 26, 554-8		83
199	Management of the predicted difficult airway: a comparison of conventional blade laryngoscopy with video-assisted blade laryngoscopy and the GlideScope. 2010 , 27, 24-30		98
198	Incidence of difficulties encountered during double-lumen endotracheal tube (DLT) insertion. 2010 , 27, 275-276		
197	The incidence of difficult laryngoscopy among patients with difficult mask ventilation. 2010 , 27, 254		
196	The C-MAC videolaryngoscope: first experiences with a new device for videolaryngoscopy-guided intubation. <i>Anesthesia and Analgesia</i> , 2010 , 110, 473-7	3.9	74
195	[Direct laryngoscopy or C-MAC video laryngoscopy? Routine tracheal intubation in patients undergoing ENT surgery]. 2010 , 59, 806-11		8
194	Improvement of laryngoscopic view in patients with unexpected difficult airway using the C-MAC videolaryngoscope. 2010 , 81, S59		
193	Improved glottic exposure with the Video Macintosh Laryngoscope in adult emergency department tracheal intubations. 2010 , 56, 83-8		75
192	Proposal for the management of the unexpected difficult pediatric airway. 2010 , 20, 454-64		148
191	Cormack-Lehane classification revisited. 2010 , 105, 220-7		90
190	Airway physical examination tests for detection of difficult airway management in apparently normal patients. 2010 ,		3
189	Clinical comparison of two stylet angles for orotracheal intubation with the GlideScope video laryngoscope. 2010 , 22, 352-9		25

188	Poor prognostic value of the modified Mallampati score: a meta-analysis involving 177 088 patients. 2011 , 107, 659-67		100
187	The use of the GlideScope [®] for tracheal intubation in patients with halo vest. 2011 , 49, 88-90		6
186	Comparison of the Pentax AWS videolaryngoscope with the Macintosh laryngoscope in simulated difficult airway intubations by emergency physicians. <i>American Journal of Emergency Medicine</i> , 2011 , 29, 863-7	2.9	3
185	Evaluation of the Bullard, GlideScope, Viewmax, and Macintosh laryngoscopes using a cadaver model to simulate the difficult airway. 2011 , 23, 27-34		18
184	Comparison of Airtraq optical laryngoscope and Storz video laryngoscope in a cadaver model. 2011 , 2, 175-8		1
183	First clinical evaluation of the C-MAC D-Blade videolaryngoscope during routine and difficult intubation. <i>Anesthesia and Analgesia</i> , 2011 , 112, 382-5	3.9	78
182	Use versus avoidance of neuromuscular blocking agent for improving conditions during tracheal intubation or direct laryngoscopy in adults and adolescents. 2011 ,		5
181	Efficacy of the Airtraq() laryngoscope with a fiberoptic bronchoscope compared with that of Airtraq() alone for tracheal intubation: a manikin study. 2011 , 25, 93-7		21
180	A randomised, controlled crossover comparison of the C-MAC videolaryngoscope with direct laryngoscopy in 150 patients during routine induction of anaesthesia. 2011 , 11, 6		40
