

CITATION REPORT

List of articles citing

Resident enteric bacteria are necessary for development of spontaneous colitis and immune system activation in interleukin-10-deficient mice

DOI: 10.1128/iai.66.11.5224-5231.1998

Infection and Immunity, 1998, 66, 5224-31.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
