

# CITATION REPORT

List of articles citing

## The Global Schmidt Law in Star-forming Galaxies

DOI: 10.1086/305588

Astrophysical Journal, 1998, 498, 541-552.

**Source:** <https://exaly.com/paper-pdf/29950551/citation-report.pdf>

**Version:** 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
