

CITATION REPORT

List of articles citing

Adding the third dimension to virus life cycles:
three-dimensional reconstruction of icosahedral
viruses from cryo-electron micrographs

DOI: 10.1128/mmbr.63.4.862-922.1999

Microbiology and Molecular Biology Reviews, 1999, 63,
862-922, table of contents.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
