

CITATION REPORT

List of articles citing

Trapping cDNAs encoding secreted proteins from the salivary glands of the malaria vector *Anopheles gambiae*

DOI: 10.1073/pnas.96.4.1516

Proceedings of the National Academy of Sciences of the United States of America, 1999, 96, 1516-21.

Source: <https://exaly.com/paper-pdf/30259662/citation-report.pdf>

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
