

CITATION REPORT

List of articles citing

The design of a prospective study of Pravastatin in the Elderly at Risk (PROSPER). PROSPER Study Group.
PROspective Study of Pravastatin in the Elderly at Risk

DOI: 10.1016/s0002-9149(99)00533-0
American Journal of Cardiology, 1999, 84, 1192-7.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
261	Cost-effectiveness of 3-hydroxy-3-methylglutaryl coenzyme A reductase inhibitor therapy in older patients with myocardial infarction. 2000 , 132, 780-7		66
260	Is hypercholesterolemia a risk factor and should it be treated in the elderly?. 2000 , 14, 347-56		11
259	Cerebral multi-infarct states. 2000 , 10, 109-122		1
258	At what level of coronary heart disease risk should a statin be prescribed?. 2000 , 11, 363-7		7
257	Lipid modulation and atherosclerotic events: extending the clinical spectrum with fibrates and statins. 2000 , 2, 11-3		1
256	Bisphosphonates and stromal cell transplants may offer new therapeutic options in osteogenesis imperfecta,. 2001 , &NA;, 3-4		
255	Changing the practice of cardiovascular medicine. 2001 , 2, 27-30		3
254	Age, smoking and heart rate are all-cause mortality risk factors for elderly men. 2001 , 5, 75		
253	Multifactorial cardiovascular disease prevention in patients aged 75 years and older: A randomized controlled trial: Drugs and Evidence Based Medicine in the Elderly (DEBATE) Study. 2001 , 142, 945-51		49
252	Dementia and statins. PROSPER study group. 2001 , 357, 881		5
251	Cholesterol and all-cause mortality in Honolulu. 2001 , 358, 1905-6		1
250	Pharmacology and clinical experience with simvastatin. 2001 , 2, 153-63		20
249	Do statins afford neuroprotection in patients with cerebral ischaemia and stroke?. 2001 , 15, 589-96		23
248	Pravastatin and the development of diabetes mellitus: evidence for a protective treatment effect in the West of Scotland Coronary Prevention Study. <i>Circulation</i> , 2001 , 103, 357-62	16.7	700
247	Do Statins Reduce the Risk for Diabetes by Improving Exercise Capacity?. <i>Circulation</i> , 2001 , 104,	16.7	1
246	Issues surrounding age: vascular disease in the elderly. 2001 , 12, 601-9		24
