Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
177	Emergency nurses' knowledge of pain management principles. <i>Journal of Emergency Nursing</i> , 2000 , 26, 299-305	1.3	44
176	Research with elderly ED patients: do we have any answers?. <i>Journal of Emergency Nursing</i> , 2000 , 26, 268-71	1.3	4
175	Obtaining informed consent for clinical pain research: patients' concerns and information needs. 2001 , 92, 71-9		21
174	Road to excellence in pain management: research, outcomes and direction (ROAD). 2002 , 17, 15-26		13
173	U.S. policies relevant to the prescribing of opioid analgesics for the treatment of pain in patients with addictive disease. 2002 , 18, S91-8		36
172	Survey of pain etiology, management practices and patient satisfaction in two urban emergency departments. <i>Canadian Journal of Emergency Medicine</i> , 2002 , 4, 252-6	0.6	62
171	Adult patients' perceptions of pain management at triage: a small exploratory study. 2002 , 10, 78-86		9
170	The high prevalence of pain in emergency medical care. <i>American Journal of Emergency Medicine</i> , 2002 , 20, 165-9	2.9	368
169	Pain management, controlled substances, and state medical board policy: a decade of change. <i>Journal of Pain and Symptom Management</i> , 2002 , 23, 138-47	4.8	88
168	Pain management in the emergency department: A review of the nursing literature. 2002 , 5, 27-31		2
167	Management and relief of pain in an emergency department from the adult patients' perspective. <i>Journal of Pain and Symptom Management</i> , 2003 , 25, 539-46	4.8	72
166	Documentation of ED patient pain by nurses and physicians. <i>American Journal of Emergency Medicine</i> , 2003 , 21, 253-7	2.9	46
165	Accuracy of emergency nurses in assessment of patients' pain. <i>Pain Management Nursing</i> , 2003 , 4, 171-5	2.5	90
164	"Why haven't you taken any pain killers?" A patient focused study of the walking wounded in an urban emergency department. <i>Emergency Medicine Journal</i> , 2003 , 20, 228-9	1.5	13
163	ENA's Delphi study on national research priorities for emergency nurses in the United States. <i>Journal of Emergency Nursing</i> , 2004 , 30, 12-21	1.3	40
162	A nurse-initiated pain management advanced triage protocol for ED patients with an extremity injury at a level I trauma center. <i>Journal of Emergency Nursing</i> , 2004 , 30, 330-5	1.3	16
161	Reliability and validity of scores on The Emergency Severity Index version 3. <i>Academic Emergency Medicine</i> , 2004 , 11, 59-65	3.4	213

160	Inadequate analgesia in emergency medicine. <i>Annals of Emergency Medicine</i> , 2004 , 43, 494-503	2.1	407
159	A prospective study of nurse initiated panadeine forte: expanding pain management in the ED. 2004 , 12, 136-40		38
158	Chronic pain in the ED. <i>American Journal of Emergency Medicine</i> , 2004 , 22, 444-7	2.9	28
157	Mandated pain scales improve frequency of ED analgesic administration. <i>American Journal of Emergency Medicine</i> , 2004 , 22, 582-5	2.9	79
156	Self-reported pain intensity and associated distress in children aged 4-18 years on admission, discharge, and one-week follow up to emergency department. <i>Pediatric Emergency Care</i> , 2005 , 21, 342-6 ^{1.4}		30
155	The physiology and processing of pain: a review. 2005 , 16, 277-90; quiz 413-5		37
154	Acute musculoskeletal pain in the emergency department: a review of the literature and implications for the advanced practice nurse. 2005 , 16, 310-9		15
153	Chronic pain and aberrant drug-related behavior in the emergency department. 2005 , 33, 761-9		13
152	Pain in the emergency department with one-week follow-up of pain resolution. <i>Pain Research and Management</i> , 2005 , 10, 67-70	2.6	27
151	Faisabilité des échelles d'auto-évaluation de la douleur aux urgences. 2005 , 18, 73-79		
150	Procedural Pain Study. <i>Pain Management Nursing</i> , 2005 , 6, 118	2.5	
149	[Pain prevalence and patient preferences [concerning pain management in the emergency department]]. 2006 , 19, 326-34		8
148	Pain management in ER. <i>Emergency Care Journal</i> , 2006 , 2, 33	1.2	
147	Pain in an emergency department: an audit. 2006 , 13, 218-24		45
146	Patients' perceptions of quality of care at an emergency department and identification of areas for quality improvement. 2006 , 15, 1045-56		122
