Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

1061 Organelle proteomics. Preface. **2008**, 432, v-viii

1060 Mitochondrial modulation is involved in the hepatoprotection of Limonium sinense extract against liver damage in mice. **2008**, 120, 427-31 12

1059 Selection by drug resistance proteins located in the mitochondria of mammalian cells. **2008**, 8, 345-51 10

1058 Reversible regulation of metastasis by ROS-generating mtDNA mutations. **2008**, 8, 339-44 43

1057 Genetic polymorphism in the manganese superoxide dismutase gene is associated with an increased risk for hepatocellular carcinoma in HCV-infected Moroccan patients. **2008**, 649, 1-6 27

1056 Handling mammalian mitochondrial tRNAs and aminoacyl-tRNA synthetases for functional and structural characterization. **2008**, 44, 176-89 15

1055 Identification of mitochondrial disease genes through integrative analysis of multiple datasets. **2008**, 46, 248-55 9

1054 Rapid simulation of wide-angle scattering from mitochondria in single cells. **2008**, 16, 12819-34 4

1053 Functional dynamic compartmentalization of respiratory chain intermediate substrates: implications for the control of energy production and mitochondrial diseases. **2008**, 40, 1543-54 58

1052 Evaluation of olive oil mill wastewaters acute toxicity: a study on the mitochondrial bioenergetics. **2008**, 69, 480-7 11

1051 Evaluation of olive oil mill wastewater toxicity on the mitochondrial bioenergetics after treatment with *Candida oleophila*. **2008**, 70, 266-75 20

1050 Differential effect of creatine on oxidatively-injured mitochondrial and nuclear DNA. **2008**, 1780, 16-26 52

1049 cGMP rescues mitochondrial dysfunction induced by glucose and insulin in myocytes. **2008**, 367, 840-5 39

1048 The mitochondrial genome sequence of *Mus terricolor*: comparison with *Mus musculus domesticus* and implications for xenomitochondrial mouse modeling. **2008**, 418, 27-33 13

1047 Mice with mitochondrial complex I deficiency develop a fatal encephalomyopathy. **2008**, 7, 312-20 264

1046 MtDNA mutations, functional decline and turnover of mitochondria in aging. **2008**, 13, 3661-75 21

1045 The genetics you never knew: a genetics primer. **2008**, 35, 243-56, ix 2

1044 Systematic screens for human disease genes, from yeast to human and back. **2008**, 4, 18-29 35

1043	Photoreceptor mitochondrial oxidative stress in uveitis. 2008 , 3, 299-310	2
1042	An examination of the effects of the antioxidant Pycnogenol on cognitive performance, serum lipid profile, endocrinological and oxidative stress biomarkers in an elderly population. 2008 , 22, 553-62	90
