

CITATION REPORT

List of articles citing

The impact of surgical-site infections in the 1990s: attributable mortality, excess length of hospitalization, and extra costs

DOI: 10.1086/501572

Infection Control and Hospital Epidemiology, 1999, 20, 725-30

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1342	Basics of Surgical Site Infection: Surveillance and Prevention. 147-161		1
1341	The price of a surgical-site infection: more than just excess length of stay. <i>Infection Control and Hospital Epidemiology</i> , 1999 , 20, 722-4	2	27
1340	Institute of Medicine medical error figures are not exaggerated. 2000 , 284, 95-7		181
1339	Morbidity and mortality associated with surgical site infections: results from the 1997-1999 INCISO surveillance. 2001 , 48, 267-74		246
1338	A comparison of two methods for identifying surgical site infections following orthopaedic surgery. 2001 , 48, 261-6		28
1337	Special article: Benchmarking in pediatric infection control: Results from the National Nosocomial Infections Surveillance (NNIS) system and the pediatric prevention network. 2001 , 12, 254-265		2
1336	Gender influences handwashing rates in the critical care unit. 2001 , 29, 395-9		73
1335	Effects of preoperative warming on the incidence of wound infection after clean surgery: a randomised controlled trial. 2001 , 358, 876-80		557
1334	Visit AJIC online!. 2001 , 29, 399		
1333	Nasal carriage of <i>Staphylococcus aureus</i> among patients receiving allergen-injection immunotherapy: associated factors and quantitative nasal cultures. <i>Infection Control and Hospital Epidemiology</i> , 2001 , 22, 741-5	2	10
1332	Postdischarge surveillance after cesarean section. 2001 , 28, 264-9		14
1331	Cost of surgical site infections following coronary artery bypass surgery. 2001 , 71, 662-4		76
1330	Safety and efficacy of low anterior en bloc resection as part of cytoreductive surgery for patients with ovarian cancer. 2001 , 83, 115-20		91
1329	Antibiotic prophylaxis in clean surgery: clean non-implant wounds. 2001 , 13 Spec No 1, 96-101		15
1328	Maximizing appropriate antibiotic prophylaxis for surgical patients: an update from LDS Hospital, Salt Lake City. 2001 , 33 Suppl 2, S78-83		98
1327	Clinical trial results with linezolid, an oxazolidinone, in the treatment of soft tissue and postoperative gram-positive infections. 2001 , 2, 25-35		21
1326	Intranasal mupirocin to prevent postoperative <i>Staphylococcus aureus</i> infections. 2002 , 346, 1871-7		617

1325	Costs of Nosocomial Infections in the ICU and Impact of Programs to Reduce Risks and Costs. 2002 , 9, 33-38		2
1324	Awareness of surgical site infections for advanced practice nurses. 2002 , 13, 398-409		3
1323	Part 1: Infectious Diseases. 2002 , 14, 9-36		1
1322	Risk of respiratory complications and wound infection in patients undergoing ambulatory surgery: smokers versus nonsmokers. 2002 , 97, 842-7		133
1321	Spine infections: variations in incidence during the academic year. 2002 , 27, 962-5		58
1320	The impact of surgical-site infections following orthopedic surgery at a community hospital and a university hospital: adverse quality of life, excess length of stay, and extra cost. <i>Infection Control and Hospital Epidemiology</i> , 2002 , 23, 183-9	2	621
1319	Surgical site infections: reanalysis of risk factors. 2002 , 103, 89-95		306
1318	Relationship between hospital infection and long-term mortality in general surgery: a prospective follow-up study. 2002 , 52, 122-29		4
1317	A systematic audit of economic evidence linking nosocomial infections and infection control interventions: 1990-2000. 2002 , 30, 145-52		143
1316	Direct costs associated with a nosocomial outbreak of adenoviral conjunctivitis infection in a long-term care institution. 2002 , 30, 407-10		40
1315	Mortalit'hospitalife imputable aux infections nosocomiales. 2002 , 32, 98-106		6
1314	Prevalence of surgical-site infections and patterns of antimicrobial use in a large tertiary-care hospital in Ho Chi Minh City, Vietnam. <i>Infection Control and Hospital Epidemiology</i> , 2002 , 23, 382-7	2	30
1313	The economic costs of surgical site infection. 2002 , 3 Suppl 1, S37-43		90
1312	Update on the Epidemiology and Prevention of Surgical Site Infections. 2002 , 4, 484-490		13
1311	Incidence of surgical-site infections and the validity of the National Nosocomial Infections Surveillance System risk index in a general surgical ward in Santa Cruz, Bolivia. <i>Infection Control and Hospital Epidemiology</i> , 2003 , 24, 26-30	2	43
1310	Modeling the costs of hospital-acquired infections in New Zealand. <i>Infection Control and Hospital Epidemiology</i> , 2003 , 24, 214-23	2	23
