Citation Report
List of articles citing

A comprehensive analysis of protein-protein interactions in Saccharomyces cerevisiae

DOI: 10.1038/35001009
Nature, 2000, 403, 623-7.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
