

CITATION REPORT

List of articles citing

Simulated driving performance and peripheral detection at mesopic and low photopic light levels

DOI: 10.1177/096032710003200403

Lighting Research and Technology, 2000, 32, 194-198.

Source: <https://exaly.com/paper-pdf/31795316/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
