

CITATION REPORT

List of articles citing

A speech corpus for multitalker communications research

DOI: 10.1121/1.428288

Journal of the Acoustical Society of America, 2000, 107, 1065-

Source: <https://exaly.com/paper-pdf/31875038/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
399	Asymmetric performance in the cocktail party effect: implications for the design of spatial audio displays. 2001 , 43, 208-16		16
398	Informational and energetic masking effects in the perception of two simultaneous talkers. <i>Journal of the Acoustical Society of America</i> , 2001 , 109, 1101-9	2.2	580
397	Applying Adaptive Control and Display Characteristics to Future Air Force Crew Stations. 2001 , 11, 223-235		7
396	Informational and energetic masking effects in the perception of multiple simultaneous talkers. <i>Journal of the Acoustical Society of America</i> , 2001 , 110, 2527-38	2.2	441
395	Efficient representation of spatial audio using perceptual parametrization.		10
394	Evaluation of speech intelligibility with the coordinate response measure. <i>Journal of the Acoustical Society of America</i> , 2001 , 109, 2276-9	2.2	58
393	The effect of spatial separation on informational and energetic masking of speech. <i>Journal of the Acoustical Society of America</i> , 2002 , 112, 2086-98	2.2	269
392	Similarity, uncertainty, and masking in the identification of nonspeech auditory patterns. <i>Journal of the Acoustical Society of America</i> , 2002 , 111, 1367-76	2.2	74
391	Within-ear and across-ear interference in a cocktail-party listening task. <i>Journal of the Acoustical Society of America</i> , 2002 , 112, 2985-95	2.2	62
390	Gender in the Cocktail Party Effect: Listener, Target Speaker, and Distractor Genders Examined. 2002 , 46, 574-577		
389	Segregation of Multiple Talkers in the Vertical Plane: Implications for the Design of a Multiple Talker Display. 2002 , 46, 588-591		2
388	The effects of spatial separation in distance on the informational and energetic masking of a nearby speech signal. <i>Journal of the Acoustical Society of America</i> , 2002 , 112, 664-76	2.2	78
387	Binaural cue coding-Part II:Schemes and applications. 2003 , 11, 520-531		90
386	Effects of Spatial Intercoms and Active Noise Reduction Headsets on Speech Intelligibility in an AWACS Environment. 2003 , 47, 100-103		6
385	Evaluating the Effectiveness of Spatial Audio Displays in a Simulated Airborne Command and Control Task. 2003 , 47, 202-206		
384	Effects of fundamental frequency and vocal-tract length changes on attention to one of two simultaneous talkers. <i>Journal of the Acoustical Society of America</i> , 2003 , 114, 2913-22	2.2	193
383	Within-ear and across-ear interference in a dichotic cocktail party listening task: effects of masker uncertainty. <i>Journal of the Acoustical Society of America</i> , 2004 , 115, 301-10	2.2	38

382	Limits to the role of a common fundamental frequency in the fusion of two sounds with different spatial cues. <i>Journal of the Acoustical Society of America</i> , 2004 , 116, 502-6	2.2	12
381	Tactile versus Aural Redundant Alert Cues for UAV Control Applications. 2004 , 48, 137-141		16
380	Development of a flexible, realistic hearing in noise test environment (R-HINT-E). 2004 , 84, 299-309		6
379	Voice tracking and spoken word recognition in the presence of other voices. 2004 , 199, 400-406		1
378	Factors That Influence Intelligibility in Multitalker Speech Displays. 2004 , 14, 313-334		39
377	The effects of single and double hearing protection on the localization and segregation of spatially-separated speech signals. <i>Journal of the Acoustical Society of America</i> , 2004 , 116, 1897-900	2.2	6
376	Precedence-based speech segregation in a virtual auditory environment. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 3241-51	2.2	35
375	Across-ear interference from parametrically degraded synthetic speech signals in a dichotic cocktail-party listening task. <i>Journal of the Acoustical Society of America</i> , 2005 , 117, 292-304	2.2	39
374	Informational masking of speech in children: effects of ipsilateral and contralateral distracters. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 3164-76	2.2	156
373	The advantage of knowing where to listen. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 3804-15		199
372	Spatial unmasking of birdsong in human listeners: energetic and informational factors. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 3766-73	2.2	39
371	Binaural release from informational masking in a speech identification task. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 1614-25	2.2	46
370	Optimizing the spatial configuration of a seven-talker speech display. 2005 , 2, 430-436		20
369	Evaluation of Bone-Conduction Headsets for Use in Multitalker Communication Environments. 2005 , 49, 1615-1619		11
368	Combining energetic and informational masking for speech identification. <i>Journal of the Acoustical Society of America</i> , 2005 , 118, 982-92	2.2	52
367	Simple Visualizations Enhance Speaker Identification when Listening to Spatialized Voices. 2005 , 49, 615-618		
366	Tactile and Aural Alerts in High Auditory Load UAV Control Environments. 2005 , 49, 145-149		8
365	The effect of spatial separation on informational masking of speech in normal-hearing and hearing-impaired listeners. <i>Journal of the Acoustical Society of America</i> , 2005 , 117, 2169-80	2.2	121
