

CITATION REPORT

List of articles citing

Architecture of intact natural human plaque biofilms studied by confocal laser scanning microscopy

DOI: 10.1177/00220345000790010201

Journal of Dental Research, 2000, 79, 21-7.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
