

CITATION REPORT

List of articles citing

Stochastic System Identification for Operational Modal Analysis: A Review

DOI: 10.1115/1.1410370

Journal of Dynamic Systems, Measurement and Control, Transactions of the ASME, 2001, 123, 659-667.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
