

CITATION REPORT

List of articles citing

Clinical validity of a normal pulmonary angiogram in patients with suspected pulmonary embolism--a critical review

DOI: 10.1053/crad.2001.0778
Clinical Radiology, 2001, 56, 838-42.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
