

CITATION REPORT

List of articles citing

A comparison of the efficacy and rate of response to oral and intravenous Vitamin K in reversal of over-anticoagulation with warfarin

DOI: 10.1046/j.1365-2141.2001.03070.x

British Journal of Haematology, 2001, 115, 145-9.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
