Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
360	Reply. 2003 , 124, 2007		
359	Investigating the role of natural phyto-oestrogens on bone health in postmenopausal women. 2003 , 89 Suppl 1, S87-99		20
358	Estimation of usual intakes: What We Eat in America-NHANES. 2003 , 133, 609S-23S		72
357	Egg consumption patterns and Salmonella risk in Finland. 2004 , 67, 2416-23		13
356	Dietary intake and nutritional status of children and adolescents in Europe. 2004 , 92 Suppl 2, S147-211		120
355	The effect of a dietary preload on estimation of usual food portion size by photograph in female volunteers. 2004 , 17, 219-25; quiz 227-30		13
354	Disagreement of energy and macronutrient intakes estimated from a food frequency questionnaire and 3-day diet record in girls 4 to 9 years of age. 2004 , 104, 373-8		30
353	Dietary intakes differ between renal transplant recipients living in patient hotels versus home. 2004 , 14, 101-8		1
352	Validation of energy intake by 24-hour multiple pass recall: comparison with total energy expenditure in children aged 5-7 years. 2005 , 93, 671-6		41
351	Dietary glycaemic index and glycaemic load in Danish children in relation to body fatness. 2005 , 94, 992-7		42
350	Adolescents' food habits: results of the Health Behaviour in School-aged Children survey. 2005 , 94, 423-31		80
349	Comparison of overweight and obesity prevalence in school-aged youth from 34 countries and their relationships with physical activity and dietary patterns. 2005 , 6, 123-32		776
348	Factors related to overweight and risk for overweight status among low-income Hispanic children. 2006 , 21, 186-96		15
347	Changes in the diet of a South Asian transmigratory population may be associated with an increase in incidence of childhood diabetes. 2006 , 26, 249-254		13
346	A debriefing session with a nutritionist can improve dietary assessment using food diaries. 2006 , 136, 440-5		17
345	the potential of AGE MODE, an age-dependent model, to estimate usual intakes and prevalences of inadequate intakes in a population. 2006 , 136, 2916-20		21
344	Dietary intakes of fat and antioxidant vitamins are predictors of subclinical inflammation in overweight Swiss children. 2006 , 84, 748-55		91

343	Assessing healthful eating among community dwelling rural older adults using self-reported fruit and vegetable consumption via a community-wide mail-out health status assessment. 2005 , 25, 101-12		11
342	Nutrition and allergic disease. 2006 , 6, 117-188		52
341	Validation and reproducibility of a semi-quantitative Food Frequency Questionnaire for use in elderly Swiss women. 2006 , 19, 321-30		28
340	Energy and nutrient intake of Swiss women aged 75-87 years. 2006 , 19, 431-5		27
339	Polyunsaturated fatty acids and anthropometric indices of children in rural China. <i>European Journal of Clinical Nutrition</i> , 2006 , 60, 1100-7	5.2	24
338	Differences in the quantitative and qualitative performance of a calcium-specific food frequency questionnaire across age and sex. 2006 , 19, 331-42		12
337	Development and validation of a food frequency questionnaire for assessing dietary calcium intake in the general population. 2006 , 17, 304-12		52
336	Two-Day Food Diaries as Tools for Assessment of Disordered Eating Behavior in Candidates for Bariatric Surgery. 2006 , 1, 123-134		
335	Short food frequency questionnaire can discriminate inadequate and adequate calcium intake in Croatian postmenopausal women. 2007 , 27, 542-547		8
334	Continuous ambulatory peritoneal dialysis patients are unable to increase dietary intake to recommended levels. 2007 , 17, 329-35		21
333	Méthodologie des enquêtes alimentaires. 2007 , 42, 276-284		3
332	Dietary intake in asylum seeker children in The Netherlands, strongly related to age and origin. <i>European Journal of Clinical Nutrition</i> , 2007 , 61, 104-10	5.2	6
331	Nutritional status and lifestyles of adolescents from a public health perspective. The HELENA Project Healthy Lifestyle in Europe by Nutrition in Adolescence. 2007 , 15, 187-197		39
330	Relationship between diet and anticoagulant response to warfarin: a factor analysis. 2007 , 46, 147-54		24
329	HELENA. 2007 , 1, 17-22		2
328	Development and evaluation of a self-administered computerized 24-h dietary recall method for adolescents in Europe. 2008 , 32 Suppl 5, S26-34		184
327	Food and nutrient intake, nutritional knowledge and diet-related attitudes in European adolescents. 2008 , 32 Suppl 5, S35-41		38
326	Dietary factors in the aetiology of postnatal depression. 2008 , 33, 162-168		1

325	Habitual caffeine intake in women of childbearing age. 2008 , 21, 159-64	15
324	Dietary exposure to dioxins and dioxin-like PCBs in The Netherlands anno 2004. 2008 , 51, 278-87	69
323	The feasibility of personal digital assistants (PDAs) to collect dietary intake data in low-income pregnant women. 2008 , 40, 374-7	21
322	Linking the oceans to public health: current efforts and future directions. 2008 , 7 Suppl 2, S6	25
321	Fatty acid composition of adipose tissue and blood in humans and its use as a biomarker of dietary intake. 2008 , 47, 348-80	859
320	Les enquêtes alimentaires : moyens, performances, limites. 2008 , 2, 515-519	
319	Assessing, understanding and modifying nutritional status, eating habits and physical activity in European adolescents: the HELENA (Healthy Lifestyle in Europe by Nutrition in Adolescence) Study. 2008 , 11, 288-99	190
318	Dietary validation of a new Australian food-frequency questionnaire that estimates long-chain n-3 polyunsaturated fatty acids. 2008 , 99, 660-6	33
317	Validity and reliability of a calcium checklist in early elementary-school children. 2008 , 11, 57-64	4
316	Development and validation of food frequency questionnaire to assess calcium intake in postmenopausal Vietnamese women. 2008 , 54, 124-9	15
315	Overestimation of infant and toddler energy intake by 24-h recall compared with weighed food records. 2008 , 88, 407-15	69
314	Dietary intake in an elderly population living in Athens. 2008 , 38, 348-354	1
313	Vigorous physical activity and vagal modulation in young adults. 2009 , 16, 705-11	23
312	Relationships between reported macronutrient intake and insulin dynamics in a multi-ethnic cohort of early pubertal children. 2009 , 4, 249-56	10
311	Association between dietary protein and change in body composition among children (EYHS). 2009 , 28, 684-8	24
310	Diet and cognitive function in later life: a challenge for nutrition epidemiology. <i>European Journal of Clinical Nutrition</i> , 2009 , 63 Suppl 1, S33-7	5.2 35
309	Dietary assessment in elderly people: experiences gained from studies in the Netherlands. <i>European Journal of Clinical Nutrition</i> , 2009 , 63 Suppl 1, S69-74	5.2 45
308	Dietary behaviour, food and nutrient intake of pregnant women in a rural community in Burkina Faso. 2009 , 5, 211-22	38

307	Prevalence of the female athlete triad in high school athletes and sedentary students. 2009 , 19, 421-8		136
306	Dietary habits of pregnant and non-pregnant adolescents. 2009 , 39, 490-498		1
305	Estimated intakes of meat and fish by children and adolescents in Australia and comparison with recommendations. 2009 , 101, 1731-5		13
304	Dietary assessment methods used for low-income populations in food consumption surveys: a literature review. 2009 , 101 Suppl 2, S95-101		20
303	Effects of dietary assessment methods on assessing risk of nutrient intake adequacy at the population level: from theory to practice. 2009 , 101 Suppl 2, S64-72		26
