

CITATION REPORT

List of articles citing

Italian cross-sectional growth charts for height, weight and BMI (6-20 y)

DOI: 10.1038/sj.ejcn.1601314

European Journal of Clinical Nutrition, 2002, 56, 171-80.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
244	Increased bone turnover in prepubertal, pubertal, and postpubertal patients receiving carbamazepine. 2002 , 43, 1488-92		134
243	Long-term linear growth of children with severe steroid-responsive nephrotic syndrome. 2003 , 18, 783-8		48
242	Transition of care between paediatric and adult gastroenterology. Assessment of growth and nutrition. 2003 , 17, 153-62		12
241	Prevalence of overweight among children in Europe. 2003 , 4, 195-200		524
240	Deficit in the discrimination of nonverbal emotions in children with obesity and their mothers. 2003 , 27, 191-5		44
239	Submitted Posters (pp 402-464). 2003 , 47, 402-464		
238	Bone mass at final height in precocious puberty after gonadotropin-releasing hormone agonist with and without calcium supplementation. 2003 , 88, 1096-101		54
237	CYP21 genotype, adult height, and pubertal development in 55 patients treated for 21-hydroxylase deficiency. 2003 , 88, 5680-8		61
236	Univariate and bivariate growth references. 2004 , 261-286		1
235	Longitudinal changes of bone mineral density and metabolism in antiretroviral-treated human immunodeficiency virus-infected children. 2004 , 89, 24-8		91
234	Ghrelin gene polymorphisms and ghrelin, insulin, IGF-I, leptin and anthropometric data in children and adolescents. 2004 , 151, 127-33		71
233	Nutritional status of 8-year-old rural and urban Italian children: a study in Pistoia, Tuscany. 2004 , 55, 381-7		16
232	Appendix 1. Reported prevalence of child and adolescent overweight and obesity. 2004 , 5, 86-97		7
231	Validation of the Dutch Eating Behaviour Questionnaire parent version (DEBQ-P) in the Italian population: a screening tool to detect differences in eating behaviour among obese, overweight and normal-weight preadolescents. <i>European Journal of Clinical Nutrition</i> , 2004 , 58, 1217-22	5.2	48
230	Lung function in children with diabetes mellitus. 2004 , 37, 17-23		26
229	Age at menarche and age of onset of pubertal characteristics in 6-14-year-old girls from the Province of L'Aquila (Abruzzo, Italy). 2004 , 16, 470-8		35
228	Effect of a 3-week body mass reduction program on body composition, muscle function and motor performance in pubertal obese boys and girls. <i>Journal of Endocrinological Investigation</i> , 2004 , 27, 813-20	5.2	8

227	Growth hormone in T-lymphocyte thymic and postthymic development: a study in HIV-infected children. 2004 , 145, 542-8		27
226	Results of blood pressure screening in a population of school-aged children in the province of Milan: role of overweight. 2005 , 23, 493-7		104
225	Height as a risk factor for osteosarcoma. 2005 , 27, 314-8		59
224	Nutritional status following malaria control in a Vietnamese ethnic minority commune. <i>European Journal of Clinical Nutrition</i> , 2005 , 59, 891-9	5.2	6
223	Young adults with cystic fibrosis are shorter than healthy peers because their parents are also short. 2005 , 164, 781-2		4
222	Overweight, thinness, body self-image and eating strategies of 2,121 Italian teenagers. 2005 , 5, 812-9		4
221	Relationship Between Body Mass Index and Asthma Characteristics in a Group of Italian Children and Adolescents. 2005 , 42, 185-189		8
220	[Epidemiology of overweight and obesity among Italian early adolescents: relation with physical activity and sedentary behaviour]. 2005 , 14, 100-7		9
219	Thyroid function, cytokine and IGF-IGFBP interactions in cystic fibrosis patients. 2005 , 63, 206-10		5
218	Body composition measurements: From the past to the future. 2005 , 94, 8-13		29
217	Obesity in childhood: the Greek experience. 2005 , 94, 27-35		8
216	Relationship Between Body Mass Index and Asthma Characteristics in a Group of Italian Children and Adolescents. 2005 , 42, 185-189		18
215	Final height in a patient with Laron syndrome after long-term therapy with rhIGF-I and short-term therapy with LHRH-analogue and oxandrolone during puberty. <i>Journal of Endocrinological Investigation</i> , 2005 , 28, 274-9	5.2	6
214	Increased liver enzymes and hormonal therapies in girls and adolescents with Turner syndrome. <i>Journal of Endocrinological Investigation</i> , 2005 , 28, 720-6	5.2	8
213	[Growth in healthy infants aged 0-2 years and comparison with reference charts]. 2005 , 62, 304-11
