Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
632	Construction of a ChineseEnglish Verb Lexicon for Machine Translation and Embedded Multilingual Applications. 2002 , 17, 99-137		3
631	Semantics-oriented language understanding with automatic adaptability.		
630	Knowledge-Based Information Retrieval and Filtering from the Web. 2003 ,		1
629	Semantic role parsing: adding semantic structure to unstructured text.		10
628	. 2003 , 18, 12-13		5
627	Preposition semantic classification via Penn Treebank and FrameNet. 2003 ,		9
626	Using predicate-argument structures for information extraction. 2003 ,		89
625	A knowledge-driven approach to text meaning processing. 2003 ,		0
