

CITATION REPORT

List of articles citing

Application and Possibilities of Supercritical CO₂ Extraction in Food Processing Industry: An Overview

DOI: 10.1106/108201302029451

Food Science and Technology International, 2002, 8, 269-284.

Source: <https://exaly.com/paper-pdf/34065697/citation-report.pdf>

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
