

CITATION REPORT

List of articles citing

Mesenchymal stem cell implantation in a swine myocardial infarct model: engraftment and functional effects

DOI: 10.1016/s0003-4975(02)03517-8

Annals of Thoracic Surgery, 2002, 73, 1919-25;
discussion 1926.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
