

# CITATION REPORT

List of articles citing

The extent, nature, and precipitating factors of nurse assault among three groups of registered nurses in a regional medical center

DOI: 10.1067/men.2002.121835

Journal of Emergency Nursing, 2002, 28, 11-7.

**Source:** <https://exaly.com/paper-pdf/34437436/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
