List of articles citing

## Invariant Manifolds and the Long-Time Asymptotics of the Navier-Stokes and Vorticity Equations on $\mathbb{R}^2$

DOI: 10.1007/s002050200200

Archive for Rational Mechanics and Analysis, 2002, 163, 209-258.

**Source:** <https://exaly.com/paper-pdf/34555742/citation-report.pdf>

**Version:** 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
