

# CITATION REPORT

List of articles citing

Depression of the glyceemic index by high levels of beta-glucan fiber in two functional foods tested in type 2 diabetes

DOI: 10.1038/sj.ejcn.1601367

European Journal of Clinical Nutrition, 2002, 56, 622-8.

**Version:** 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
