

CITATION REPORT

List of articles citing

Spatial Variability of Drought: An Analysis of the SPI in Sicily

DOI: 10.1023/a:1024716530289

Water Resources Management, 2003, 17, 273-296.

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
