

CITATION REPORT

List of articles citing

Continuous insulin infusion reduces mortality in patients with diabetes undergoing coronary artery bypass grafting

DOI: 10.1067/mtc.2003.181

Journal of Thoracic and Cardiovascular Surgery, 2003, 125, 1007-21.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
