

CITATION REPORT

List of articles citing

Protein binding to polymer brush, based on ion-exchange, hydrophobic, and affinity interactions

DOI: 10.1016/s1570-0232(03)00090-4

Journal of Chromatography B: Analytical Technologies in the Biomedical and Life Sciences, 2003, 790, 131-42.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
