

CITATION REPORT

List of articles citing

Human-robot interactions during the robot-assisted urban search and rescue response at the World Trade Center

DOI: 10.1109/tsmcb.2003.811794

IEEE Transactions on Systems, Man, and Cybernetics, 2003, 33, 367-85.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
