

CITATION REPORT

List of articles citing

Angiotensin II inhibition increases cellular glucose transport during reperfusion but not ischemia in pig hearts

DOI: 10.1080/14017430310002040

Scandinavian Cardiovascular Journal, 2003, 37, 205-10.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
