List of articles citing

Approaches to detecting growth faltering in infancy and childhood

DOI: 10.1080/0301446032000112698

Annals of Human Biology, 2003, 30, 499-519.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
33	Do growth monitoring and promotion programs answer the performance criteria of a screening program? A critical analysis based on a systematic review. <i>Tropical Medicine and International Health</i> , 2005 , 10, 1121-33	2.3	23
32	Weight and height growth rate and the timing of adiposity rebound. <i>Obesity</i> , 2005 , 13, 1123-30		50
