

CITATION REPORT

List of articles citing

Adult height corrected for shrinking and secular trend

DOI: 10.1080/0301446032000112661

Annals of Human Biology, 2003, 30, 563-9.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
