

# CITATION REPORT

List of articles citing

Toward a neuropsychological theory of antidepressant drug action: increase in positive emotional bias after potentiation of norepinephrine activity

DOI: 10.1176/appi.ajp.160.5.990

American Journal of Psychiatry, 2003, 160, 990-2.

**Source:** <https://exaly.com/paper-pdf/36122189/citation-report.pdf>

**Version:** 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
