

# CITATION REPORT

List of articles citing

## The fossil record of early eukaryotic diversification

DOI: 10.1017/s1089332600002321

The Paleontological Society Papers, 2004, 10, 35-50.

**Source:** <https://exaly.com/paper-pdf/36333434/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
