

CITATION REPORT

List of articles citing

Virologic and immunologic outcomes after 24 weeks in HIV type 1-infected adolescents receiving highly active antiretroviral therapy

DOI: 10.1086/421521

Journal of Infectious Diseases, 2004, 190, 271-9.

Source: <https://exaly.com/paper-pdf/36509102/citation-report.pdf>

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
