

# CITATION REPORT

List of articles citing

Shear stress regulates endothelial nitric-oxide synthase promoter activity through nuclear factor kappaB binding

DOI: 10.1074/jbc.m307528200

Journal of Biological Chemistry, 2004, 279, 163-8.

**Source:** <https://exaly.com/paper-pdf/36678654/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
