

CITATION REPORT

List of articles citing

Sympathetic augmentation in hypertension: role of nerve firing, norepinephrine reuptake, and Angiotensin neuromodulation

DOI: 10.1161/01.hyp.0000103160.35395.9e
Hypertension, 2004, 43, 169-75.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
421	Neural sympathetic activity in essential hypertension. <i>Hypertension</i> , 2004 , 44, e3-4; author reply e3-4	8.5	4
420	Neurogenic hypertension: is the enigma of its origin near the solution?. <i>Hypertension</i> , 2004 , 43, 154-5	8.5	27
419	Norepinephrine transporter-deficient mice exhibit excessive tachycardia and elevated blood pressure with wakefulness and activity. 2004 , 110, 1191-6		51
418	Reduced uteroplacental blood flow alters renal arterial reactivity and glomerular properties in the rat offspring. <i>Hypertension</i> , 2004 , 43, 1283-9	8.5	33
417	Counteracting the sympathetic nervous system in essential hypertension. 2004 , 13, 513-9		69
416	Sympathoneural and adrenomedullary functional effects of alpha2C-adrenoreceptor gene polymorphism in healthy humans. 2005 , 15, 143-9		74
415	Evidence-based care for the elderly with isolated systolic hypertension. 2005 , 7, 67-75		6
414	Cardiovascular autonomic regulation in subjects with normal blood pressure, high-normal blood pressure and recent-onset hypertension. 2005 , 32, 488-94		28
413	Effects of diadenosine polyphosphates on glomerular volume. 2005 , 144, 1109-17		6
412	Neuroadrenergic and reflex abnormalities in patients with metabolic syndrome. 2005 , 48, 1359-65		234
411	Sympathetic nerve function--assessment by radioisotope dilution analysis. 2005 , 15, 264-83		21
410	Acute and chronic captopril, but not prazosin or nifedipine, normalize alterations in adrenergic intracellular Ca ²⁺ handling observed in the mesenteric arterial tree of spontaneously hypertensive rats. 2005 , 313, 359-67		9
409	Sympathetic nervous system, genes and human essential hypertension. 2005 , 2, 303-17		20
408	Fabrication, characterization, and application of a diamond microelectrode for electrochemical measurement of norepinephrine release from the sympathetic nervous system. 2006 , 15, 761-772		61
407	New guidelines on hypertension. 2006 , 368, 641		6
406	Noradrenergic neuron-specific overexpression of nNOS in cardiac sympathetic nerves decreases neurotransmission. 2006 , 41, 364-70		21
405	Retinal vascular manifestations of metabolic disorders. 2006 , 17, 262-8		130

404	Arterial plasma noradrenaline predicts left ventricular mass independently of blood pressure and body build in men who develop hypertension over 20 years. 2006 , 24, 905-13		39
403	Effects of sevoflurane anesthesia on carotid-cardiac baroreflex responses in humans. 2006 , 102, 38-44		17
402	Angiotensin-sympathetic system interactions in cardiovascular and metabolic disease. 2006 , 24, S51-6		46
401	The sympathetic control of blood pressure. 2006 , 7, 335-46		1304
400	Decreased pituitary response to insulin-induced hypoglycaemia in young lean male patients with essential hypertension. 2006 , 20, 510-6		6
399	Heritability of indices for cardiac contractility in ambulatory recordings. 2006 , 17, 877-83		24
398	Exercise-induced inhibition of angiotensin II vasoconstriction in human thigh muscle. 2006 , 577, 727-37		22
397	Retinal vessel diameters and risk of hypertension: the Rotterdam Study. <i>Hypertension</i> , 2006 , 47, 189-94	8.5	241
396	Inhaled corticosteroids: effects on the airway vasculature in bronchial asthma. 2006 , 27, 172-87		76
395	Chronic low-dose angiotensin II infusion increases venomotor tone by neurogenic mechanisms. <i>Hypertension</i> , 2006 , 48, 927-33	8.5	48
394	Sympathetic mechanisms of hypoglycemic counterregulation. 2007 , 3, 185-93		41
393	Psychological Stress and the Development of Heart Disease. 2007 , 3, 252-258		2
392	Hypertension and cardiac arrhythmias. 2007 , 13, 2545-55		15
391	Effects of hypertension on cardiovascular responses to epinephrine in humans. 2007 , 292, H3025-31		5
390	Acupuncture, a promising adjunctive therapy for essential hypertension: a double-blind, randomized, controlled trial. 2007 , 29 Suppl 1, S98-103		68
389	Chronic baroreceptor activation enhances survival in dogs with pacing-induced heart failure. <i>Hypertension</i> , 2007 , 50, 904-10	8.5	114
388	Differential regulation of NADPH oxidase in sympathetic and sensory Ganglia in deoxycorticosterone acetate salt hypertension. <i>Hypertension</i> , 2007 , 50, 663-71	8.5	23
387	Neuroendocrine profiling in inherited stress-induced arterial hypertension rat strain with stress-sensitive arterial hypertension. 2007 , 195, 439-50		39

386	Renal sympathetic neuroeffector function in renovascular and angiotensin II-dependent hypertension in rabbits. <i>Hypertension</i> , 2007 , 49, 932-8	8.5	26
385	Exercise training restores baroreflex sensitivity in never-treated hypertensive patients. <i>Hypertension</i> , 2007 , 49, 1298-306	8.5	172
384	Neurogenic abnormalities in masked hypertension. <i>Hypertension</i> , 2007 , 50, 537-42	8.5	99
383	Baroreflex sensitivity correlates with left ventricular morphology and diastolic function in essential hypertension. 2007 , 25, 1655-64		27
382	Sympathetic activity in major depressive disorder: identifying those at increased cardiac risk?. 2007 , 25, 2117-24		206
381	Gender differences in sympathetic nervous activity: influence of body mass and blood pressure. 2007 , 25, 1411-9		92
380	Sympathetic activity, assessed by power spectral analysis of heart rate variability, in white-coat, masked and sustained hypertension versus true normotension. 2007 , 25, 2280-5		43
379	Adrenal adrenoceptors in heart failure: fine-tuning cardiac stimulation. 2007 , 13, 503-11		106
378	High fructose diet increases anterior hypothalamic alpha 2-adrenoceptors responsiveness. 2007 , 423, 128-32		8
377	Hemodynamic, autonomic and neurohormonal behaviour of familial amyloidotic polyneuropathy and neurally mediated syncope patients during supine and orthostatic stress. 2007 , 116, 242-8		16
376	Are we misunderstanding beta-blockers. 2007 , 120, 10-27		66
375	Sympathetic neural control of integrated cardiovascular function: insights from measurement of human sympathetic nerve activity. 2007 , 36, 595-614		147
