

CITATION REPORT

List of articles citing

A comparative, crossover study of the efficacy and safety of sildenafil and apomorphine in men with evidence of arteriogenic erectile dysfunction

DOI: 10.1038/sj.ijir.3901119

International Journal of Impotence Research, 2004, 16, 2-7.

Source: <https://exaly.com/paper-pdf/36814508/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
