Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
787	Dietary patterns predict mortality in a national cohort: the National Health Interview Surveys, 1987 and 1992. 2004 , 134, 1793-9		94
786	Evaluation of diet quality with the mediterranean dietary quality index in university students. 2004 , 55, 589-97		13
785	Sodium Chloride. 2005 ,		3
784	Empirically derived dietary patterns and risk of postmenopausal breast cancer in a large prospective cohort study. 2005 , 82, 1308-19		106
783	Dietary patterns using the Food Guide Pyramid groups are associated with sociodemographic and lifestyle factors: the multiethnic cohort study. 2005 , 135, 843-9		118
782	Interactions between traditional regional determinants and socio-economic status on dietary patterns in a sample of French men. <i>British Journal of Nutrition</i> , 2005 , 93, 109-14	3.6	42
781	Compliance with dietary guidelines and relationship to psychosocial factors in low-income women in late postpartum. <i>Journal of the American Dietetic Association</i> , 2005 , 105, 916-26		67
780	Dietary patterns of young, low-income US children. <i>Journal of the American Dietetic Association</i> , 2005 , 105, 1765-73		53
779	[Application of a dietary pattern approach in the Belgium context]. 2005 , 53, 182-91		1
778	First trimester predictors of diet and birth outcomes in low-income pregnant women. 2005 , 22, 117-30		18
777	A comparison of three dietary pattern indexes for predicting biomarkers of diet and disease. 2005 , 24, 294-303		156
776	Author's response. 2005 , 28, 143-145		
775	Psychosocial predictors of eating habits among adults in their mid-30s: the Oslo Youth Study follow-up 1991-1999. 2005 , 2, 9		26
774	Dietary patterns and glucose tolerance abnormalities in Japanese men. 2006 , 136, 1352-8		54
773	Long-term stability of food patterns identified by use of factor analysis among Swedish women. 2006 , 136, 626-33		103
772	Dietary diversity scores and nutritional status of women change during the seasonal food shortage in rural Burkina Faso. 2006 , 136, 2625-32		96
771	Dietary patterns are associated with biochemical markers of inflammation and endothelial activation in the Multi-Ethnic Study of Atherosclerosis (MESA). 2006 , 83, 1369-79		354

770	Methodological approaches to study dietary patterns in relation to risk of coronary heart disease and stroke. <i>British Journal of Nutrition</i> , 2006 , 95, 860-9	3.6	185
769	The use of indexes evaluating the adherence to the Mediterranean diet in epidemiological studies: a review. 2006 , 9, 132-46		276
768	Association between dietary patterns and anaemia in adults from Jiangsu Province in Eastern China. <i>British Journal of Nutrition</i> , 2006 , 96, 906-12	3.6	31
767	Dietetic guidelines on food and nutrition in the secondary prevention of cardiovascular disease - evidence from systematic reviews of randomized controlled trials (second update, January 2006). <i>Journal of Human Nutrition and Dietetics</i> , 2006 , 19, 401-19	3.1	54
766	Dietary quality predicts adult weight gain: findings from the Framingham Offspring Study. 2006 , 14, 1383-91		48
765	Comparison of three different dietary scores in relation to 10-year mortality in elderly European subjects: the HALE project. 2006 , 60, 746-55		103
764	Dietary patterns in the Southampton Women's Survey. 2006 , 60, 1391-9		89
763	Comparative strategies for using cluster analysis to assess dietary patterns. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 1194-200		45
762	Examining energy density: comments on diet quality, dietary advice, and the cost of healthful eating. <i>Journal of the American Dietetic Association</i> , 2006 , 106, 1166-9		18
761	New Quantitative Index for Dietary Diversity (QUANTIDD) and its annual changes in the Japanese. <i>Nutrition</i> , 2006 , 22, 283-7	4.8	29
760	Diet synergies and mortality--a population-based case-control study of 32,462 Hong Kong Chinese older adults. 2006 , 35, 418-26		11
759	Dietary patterns related to caries in a low-income adult population. 2006 , 40, 473-80		54
758	Evaluating associations between Mediterranean diet adherence indexes and biomarkers of diet and disease. 2006 , 9, 1110-7		60
757	Major dietary patterns and cardiovascular risk factors from childhood to adulthood. The Cardiovascular Risk in Young Finns Study. <i>British Journal of Nutrition</i> , 2007 , 98, 218-25	3.6	117
756	Diet quality in Croatian university students: energy, macronutrient and micronutrient intakes according to gender. 2007 , 58, 398-410		32
755	Dietary patterns and survival of older Europeans: the EPIC-Elderly Study (European Prospective Investigation into Cancer and Nutrition). 2007 , 10, 590-8		111
754	Development and psychometric testing of an instrument designed to measure chronic pain in dogs with osteoarthritis. 2007 , 68, 631-7		138
753	Adherence to the USDA Food Guide, DASH Eating Plan, and Mediterranean dietary pattern reduces risk of colorectal adenoma. 2007 , 137, 2443-50		107

752	Dietary patterns, insulin resistance, and prevalence of the metabolic syndrome in women. 2007 , 85, 910-8		326
751	Dietary patterns and cardiovascular mortality in the Melbourne Collaborative Cohort Study. 2007 , 86, 221-9		67
750	A critical review of predefined diet quality scores. <i>British Journal of Nutrition</i> , 2007 , 97, 219-31	3.6	414
749	Dietary transition stages based on eating patterns and diet quality among Haitians of Montreal, Canada. 2007 , 10, 454-63		35
748	Conventional analyses of data from dietary validation studies may misestimate reporting accuracy: illustration from a study of the effect of interview modality on children's reporting accuracy. 2007 , 10, 1247-56		24
747	Dietary patterns, food groups and myocardial infarction: a case-control study. <i>British Journal of Nutrition</i> , 2007 , 98, 380-7	3.6	84
746	Dietary patterns of children and adolescents analyzed from 2001 Korea National Health and Nutrition Survey. 2007 , 1, 84-8		13
745	The Dietary Quality Score: validation and association with cardiovascular risk factors: the Inter99 study. 2007 , 61, 270-8		135
744	Shifts in patterns and consumption of beverages between 1965 and 2002. 2007 , 15, 2739-47		208
743	Assessing the effect of underreporting energy intake on dietary patterns and weight status. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 64-71		61
742	Importance of understanding food consumption patterns. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 234-6		18
741	Dietary patterns: challenges and opportunities in dietary patterns research an Experimental Biology workshop, April 1, 2006. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 1233-9		229
740	The rising cost of low-energy-density foods. <i>Journal of the American Dietetic Association</i> , 2007 , 107, 2071-6		216
739	Meat in the context of the whole diet: A social and cuisine perspective. 2007 , 64, S108-S110		2
738	Dietary patterns, Mediterranean diet, and endometrial cancer risk. 2007 , 18, 957-66		42
737	Household diet quality in relation to mortality in Portuguese regions: an ecological study. 2008 , 16, 43-51		4
736	How does Nutrigenomics impact human health?. 2008 , 60, 341-4		11
735	Food and nutrient intake, nutritional knowledge and diet-related attitudes in European adolescents. 2008 , 32 Suppl 5, S35-41		38

734	Portuguese households' diet quality (adherence to Mediterranean food pattern and compliance with WHO population dietary goals): trends, regional disparities and socioeconomic determinants. 2008 , 62, 1263-72		48
733	Three major dietary patterns are all independently related to the risk of obesity among 3760 Japanese women aged 18-20 years. 2008 , 32, 541-9		74
732	Food, not nutrients, is the fundamental unit in nutrition. 2007 , 65, 439-50		130
731	Mediterranean diet is associated with reduced asthma and rhinitis in Mexican children. 2008 , 63, 1310-6		108
730	Dietary patterns derived by hybrid clustering method in older people: association with cognition, mood, and self-rated health. <i>Journal of the American Dietetic Association</i> , 2008 , 108, 1461-71		125
729	Updating the healthy eating index to reflect current dietary guidance. <i>Journal of the American Dietetic Association</i> , 2008 , 108, 1837-42		11
728	Major dietary patterns, ethnicity, and prevalence of type 2 diabetes in rural Hawaii. <i>Nutrition</i> , 2008 , 24, 1065-72	4.8	45
727	Dietary patterns and risk of mortality from cardiovascular disease, cancer, and all causes in a prospective cohort of women. 2008 , 118, 230-7		383
726	Bases nutritionnelles pour un vieillissement réussi. 2008 , 43, 90-96		4
725	Diet quality is associated with higher nutrient intake and self-rated health in mid-aged women. 2008 , 27, 146-57		92
724	Dietary patterns and health and nutrition outcomes in men living with HIV infection. 2008 , 88, 1584-92		18
723	Dietary diversity is a good predictor of the micronutrient density of the diet of 6- to 23-month-old children in Madagascar. 2008 , 138, 2448-53		175
722	Dietary patterns in pregnant women: a comparison of food-frequency questionnaires and 4 d prospective diaries. <i>British Journal of Nutrition</i> , 2008 , 99, 869-75	3.6	63
721	Poor adherence to dietary guidelines among adult survivors of childhood acute lymphoblastic leukemia. 2008 , 30, 815-22		89
720	Major dietary patterns in relation to general obesity and central adiposity among Iranian women. 2008 , 138, 358-63		200
719	Dietary and physical activity patterns in French children are related to overweight and socioeconomic status. 2008 , 138, 101-7		102
718	Food intake patterns may explain the high prevalence of cardiovascular risk factors among Iranian women. 2008 , 138, 1469-75		94
717	Effect of a targeted subsidy on intake of fruits and vegetables among low-income women in the Special Supplemental Nutrition Program for Women, Infants, and Children. 2008 , 98, 98-105		189
