

CITATION REPORT

List of articles citing

Anterior cingulate conflict monitoring and adjustments in control

DOI: 10.1126/science.1089910
Science, 2004, 303, 1023-6.

Source: <https://exaly.com/paper-pdf/37356006/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2312	The role of the medial frontal cortex in cognitive control. <i>Science</i> , 2004 , 306, 443-7	33.3	2231
2311	Dorsal anterior cingulate cortex resolves conflict from distracting stimuli by boosting attention toward relevant events. 2005 , 15, 229-37		204
2310	A cognitive neuroscience framework for understanding causal reasoning and the law. 2004 , 359, 1749-54		11
2309	Understanding well-being in the evolutionary context of brain development. 2004 , 359, 1349-58		29
2308	Executive dysfunction in cocaine addiction: evidence for discordant frontal, cingulate, and cerebellar activity. 2004 , 24, 11017-22		512
2307	Neuroscience. Conflict and cognitive control. <i>Science</i> , 2004 , 303, 969-70	33.3	98
2306	The human cortex responds to an interoceptive challenge. 2004 , 101, 6333-4		187
2305	Neural mechanisms of versatile functions in primate anterior cingulate cortex. 2004 , 15, 279-91		35
2304	The neural mechanisms for minimizing cross-modal distraction. 2004 , 24, 10941-9		134
2303	Human anterior cingulate neurons and the integration of monetary reward with motor responses. 2004 , 7, 1370-5		275
2302	The neural bases of cognitive conflict and control in moral judgment. 2004 , 44, 389-400		1597
2301	Rhesus monkeys (<i>Macaca mulatta</i>) discriminate between knowing and not knowing and collect information as needed before acting. 2004 , 7, 239-46		172
2300	Cerebral control of bladder function. 2004 , 5, 348-52		18
2299	Errors without conflict: implications for performance monitoring theories of anterior cingulate cortex. 2004 , 56, 267-76		145
2298	Neurocognitive mechanisms of cognitive control: the role of prefrontal cortex in action selection, response inhibition, performance monitoring, and reward-based learning. 2004 , 56, 129-40		1037
2297	Action sets and decisions in the medial frontal cortex. 2004 , 8, 410-7		821
2296	Conflict monitoring and anterior cingulate cortex: an update. 2004 , 8, 539-46		2569

2295	Prefrontal cortex guides context-appropriate responding during language production. 2004 , 43, 283-91	62
2294	A reply to Uttal (2004). 2005 , 28, 77-9	1
2293	Alcohol misuse and mood disorders following traumatic brain injury. 2005 , 62, 742-9	94
2292	Limbic system: cingulate cortex. 2005 , 201-222	1
2291	Recent Developments in the Neuroimaging of ADHD. 2005 , 13, 1-5	1
2290	A multilevel analysis of cognitive dysfunction and psychopathology associated with chromosome 22q11.2 deletion syndrome in children. 2005 , 17, 753-84	64
2289	Involvement of ventral pallidum in prefrontal cortex-dependent aspects of spatial working memory. 2005 , 119, 399-409	15
2288	Lesions of specific and nonspecific thalamic nuclei affect prefrontal cortex-dependent aspects of spatial working memory. 2005 , 119, 410-9	53
2287	Cognitive control in closed head injury: context maintenance dysfunction or prepotent response inhibition deficit?. 2005 , 19, 578-90	26
2286	Behavioral and neural predictors of upcoming decisions. 2005 , 5, 117-26	51
2285	Cognitive control and parsing: reexamining the role of Broca's area in sentence comprehension. 2005 , 5, 263-81	413
2284	The conflict adaptation effect: it's not just priming. 2005 , 5, 467-72	249
2283	A strategy-based interpretation of stroop. 2005 , 29, 493-524	28
2282	Effects of stimulus-stimulus compatibility and stimulus-response compatibility on response inhibition. 2005 , 120, 307-26	69
2281	Strategic control and medial frontal negativity: beyond errors and response conflict. 2005 , 42, 33-42	299
2280	Maturation of action monitoring from adolescence to adulthood: an ERP study. 2005 , 8, 525-34	115
2279	Neural mechanisms of attention and control: losing our inhibitions?. 2005 , 8, 1631-3	34
2278	Regret and its avoidance: a neuroimaging study of choice behavior. 2005 , 8, 1255-62	477

2277	Cognitive control mechanisms resolve conflict through cortical amplification of task-relevant information. 2005 , 8, 1784-90	827
2276	The role of anterior cingulate cortex and precuneus in the coordination of motor behaviour. 2005 , 22, 235-46	222
2275	Functional connectivity with anterior cingulate and orbitofrontal cortices during decision-making. 2005 , 23, 61-70	142
2274	Impaired cognitive control and reduced cingulate activity during mental fatigue. 2005 , 24, 199-205	298
2273	Differential effects of practice on the executive processes used for truthful and deceptive responses: an event-related brain potential study. 2005 , 24, 386-404	75
2272	Neuroimaging of marijuana smokers during inhibitory processing: a pilot investigation. 2005 , 23, 107-18	202
2271	Cognitive neuroscience: resolving conflict in and over the medial frontal cortex. 2005 , 15, R54-6	56
2270	Volition and conflict in human medial frontal cortex. 2005 , 15, 122-8	248
2269	Brain-based mechanisms underlying complex causal thinking. 2005 , 43, 1204-13	88
2268	Effortless control: executive attention and conscious feeling of mental effort are dissociable. 2005 , 43, 1318-28	133
2267	A functional MRI comparison of patients with obsessive-compulsive disorder and normal controls during a Chinese character Stroop task. 2005 , 139, 101-14	75
2266	Spatial interference during bimanual coordination: differential brain networks associated with control of movement amplitude and direction. 2005 , 26, 286-300	48
2265	Impairment of error monitoring following sleep deprivation. 2005 , 28, 707-13	74
2264	Where memory meets attention: neural substrates of negative priming. 2005 , 17, 1774-84	57
2263	Mice lacking dopamine D2 and D3 receptors exhibit differential activation of prefrontal cortical neurons during tasks requiring attention. 2005 , 15, 1016-24	106
2262	Perceptual fusion and stimulus coincidence in the cross-modal integration of speech. 2005 , 25, 5884-93	267
2261	Neuronal activity in macaque SEF and ACC during performance of tasks involving conflict. 2005 , 93, 884-908	129
2260	Distinct prefrontal molecular mechanisms for information storage lasting seconds versus minutes. 2005 , 12, 232-8	39

2259	Decreased conflict- and error-related activity in the anterior cingulate cortex in subjects with schizophrenia. 2005 , 162, 1833-9		274
2258	Electrophysiological correlates of reward prediction error recorded in the human prefrontal cortex. 2005 , 102, 8351-6		49
2257	Punishment induces risky decision-making in methadone-maintained opiate users but not in heroin users or healthy volunteers. 2005 , 30, 2115-24		48
2256	Prefrontal and anterior cingulate contributions to volition in depression. 2005 , 67, 73-94		36
2255	Imaging frontostriatal function in ultra-high-risk, early, and chronic schizophrenia during executive processing. 2005 , 62, 254-62		168
2254	Placebo effects mediated by endogenous opioid activity on mu-opioid receptors. 2005 , 25, 7754-62		607
2253	Noradrenergic stimulation enhances human action monitoring. 2005 , 25, 4370-4		72
2252	Co-occurring mental and substance use disorders: the neurobiological effects of chronic stress. 2005 , 162, 1483-93		405
2251	Failure to detect mismatches between intention and outcome in a simple decision task. <i>Science</i> , 2005 , 310, 116-9	33.3	428
2250	Specific cerebral networks for maintenance and response organization within working memory as evidenced by the 'double delay/double response' paradigm. 2005 , 15, 1064-74		33
2249	Toward a neurobiology of psychotherapy: basic science and clinical applications. 2005 , 17, 145-58		123
2248	Disorder-specific neuroanatomical correlates of attentional bias in obsessive-compulsive disorder, panic disorder, and hypochondriasis. 2005 , 62, 922-33		288
2247	The cerebral response during subjective choice with and without self-reference. 2005 , 17, 1897-906		86
2246	Learned predictions of error likelihood in the anterior cingulate cortex. <i>Science</i> , 2005 , 307, 1118-21	33.3	687
2245	Motor reorganization in asymptomatic carriers of a single mutant Parkin allele: a human model for presymptomatic parkinsonism. 2005 , 128, 2281-90		98
2244	Effect of catechol-O-methyltransferase val158met genotype on attentional control. 2005 , 25, 5038-45		262
2243	Hypnotic suggestion reduces conflict in the human brain. 2005 , 102, 9978-83		192
2242	Functional connectivity during Stroop task performance. 2005 , 24, 181-91		101

2241	Modulation of effective connectivity inside the working memory network in patients at the earliest stage of multiple sclerosis. 2005 , 24, 533-8	110
2240	The neural correlates and functional integration of cognitive control in a Stroop task. 2005 , 24, 539-47	327
2239	Intentional false responding shares neural substrates with response conflict and cognitive control. 2005 , 25, 267-77	184
2238	Accounting for nonlinear BOLD effects in fMRI: parameter estimates and a model for prediction in rapid event-related studies. 2005 , 25, 206-18	87
2237	Neural correlates of distance and congruity effects in a numerical Stroop task: an event-related fMRI study. 2005 , 25, 888-98	220
2236	Neural mechanisms involved in error processing: a comparison of errors made with and without awareness. 2005 , 27, 602-8	230
2235	Separating semantic conflict and response conflict in the Stroop task: a functional MRI study. 2005 , 27, 497-504	256
2234	Hypnosis decouples cognitive control from conflict monitoring processes of the frontal lobe. 2005 , 27, 969-78	171
2233	Anterior cingulate activity during error and autonomic response. 2005 , 27, 885-95	362
2232	When visual perception causes feeling: enhanced cross-modal processing in grapheme-color synesthesia. 2005 , 28, 859-68	98
2231	Brain control of normal and overactive bladder. 2005 , 174, 1862-7	211
2230	Attention and hypnosis: neural substrates and genetic associations of two converging processes. 2005 , 53, 237-58	91
2229	Brain activation of reading Korean words and recognizing pictures by Korean native speakers: a functional magnetic resonance imaging study. 2005 , 115, 757-68	10
2228	Cynopraxis: Theory, Philosophy, and Ethics. 635-737	
2227	Evidence for a close relationship between conscious effort and anterior cingulate cortex activity. 2005 , 56, 65-80	117
2226	Attention deficit and impulsivity: selecting, shifting, and stopping. 2005 , 58, 59-70	81
2225	Error detection mechanisms of the brain: background and prospects. 2005 , 58, 227-34	36
2224	Event-related potentials in the Simon task. 2005 , 1278, 131-134	3

2223	Error-preceding brain activity: robustness, temporal dynamics, and boundary conditions. 2005 , 70, 67-78	50
2222	Variants of uncertainty in decision-making and their neural correlates. 2005 , 67, 403-12	142
2221	Reversibility of apical dendritic retraction in the rat medial prefrontal cortex following repeated stress. 2005 , 196, 199-203	243
2220	Interface of physical and emotional stress regulation through the endogenous opioid system and mu-opioid receptors. 2005 , 29, 1264-80	112
2219	Neurocognitive insights into substance abuse. 2005 , 9, 195-201	183
2218	Differential effect of HIV infection and alcoholism on conflict processing, attentional allocation, and perceptual load: evidence from a Stroop Match-to-Sample task. 2005 , 57, 67-75	44
2217	Abnormal neural responses to emotional visual stimuli in adolescents with conduct disorder. 2005 , 57, 7-15	252
2216	Neural substrates for voluntary suppression of negative affect: a functional magnetic resonance imaging study. 2005 , 57, 210-9	701
2215	Brain activation of patients with obsessive-compulsive disorder during neuropsychological and symptom provocation tasks before and after symptom improvement: a functional magnetic resonance imaging study. 2005 , 57, 901-10	239
2214	Anterior cingulate activation and error processing during interferon-alpha treatment. 2005 , 58, 190-6	185
2213	Trial-by-trial coupling of concurrent electroencephalogram and functional magnetic resonance imaging identifies the dynamics of performance monitoring. 2005 , 25, 11730-7	847
2212	Serotonergic modulation of prefrontal cortex during negative feedback in probabilistic reversal learning. 2005 , 30, 1138-47	169
2211	The physics of optimal decision making: a formal analysis of models of performance in two-alternative forced-choice tasks. 2006 , 113, 700-65	1094
2210	The role of the ventromedial prefrontal cortex in abstract state-based inference during decision making in humans. 2006 , 26, 8360-7	376
2209	The good, the bad, and the ugly: an fMRI investigation of the functional anatomic correlates of stigma. 2006 , 1, 5-15	103
2208	The prepared mind: neural activity prior to problem presentation predicts subsequent solution by sudden insight. 2006 , 17, 882-90	242
2207	Cognitive control impairments in traumatic brain injury. 2006 , 28, 968-86	36
2206	Distinct neural correlates for resolving stroop conflict at inhibited and noninhibited locations in inhibition of return. 2006 , 18, 1937-46	29

2205	Repeated stress induces dendritic spine loss in the rat medial prefrontal cortex. 2006 , 16, 313-20	597
2204	Where and when the anterior cingulate cortex modulates attentional response: combined fMRI and ERP evidence. 2006 , 18, 766-80	281
2203	Frontostriatal microstructure modulates efficient recruitment of cognitive control. 2006 , 16, 553-60	376
2202	Automatic perception and synaesthesia: evidence from colour and photism naming in a stroop-negative priming task. 2006 , 42, 204-12	16
2201	What has functional neuroimaging told us about the mind? So many examples, so little space. 2006 , 42, 414-7; discussion 422-7	14
2200	Abstract grammatical processing of nouns and verbs in Broca's area: evidence from fMRI. 2006 , 42, 540-62	88
2199	Dissociating response selection and conflict in the medial frontal surface. 2006 , 29, 446-51	104
2198	Tracking the subprocesses of decision-based action in the human frontal lobes. 2006 , 30, 656-67	19
2197	The neural basis of temporal auditory discrimination. 2006 , 30, 512-20	50
2196	The neural basis of implicit moral attitude--an IAT study using event-related fMRI. 2006 , 30, 1449-57	129
2195	Acute tryptophan depletion improves performance and modulates the BOLD response during a Stroop task in healthy females. 2006 , 32, 248-55	58
2194	Anterior cingulate and prefrontal cortex activity in an fMRI study of trial-to-trial adjustments on the Simon task. 2006 , 33, 399-405	223
2193	Explicit and implicit facial affect recognition in manic and depressed States of bipolar disorder: a functional magnetic resonance imaging study. 2006 , 59, 31-9	192
2192	Decreased anterior cingulate volume in combat-related PTSD. 2006 , 59, 582-7	204
2191	Functional magnetic resonance imaging and cognition at the very early stage of MS. 2006 , 245, 87-91	49
2190	Conflict and Cognitive Control in the Brain. 2006 , 15, 237-240	125
2189	A heart rate analysis of developmental change in feedback processing and rule shifting from childhood to early adulthood. 2006 , 95, 99-116	56
2188	P300-based Stroop study with low probability and target Stroop oddballs: the evidence still favors the response selection hypothesis. 2006 , 60, 240-50	23

2187	Performance monitoring in neurological and psychiatric patients. 2006 , 59, 59-69	71
2186	The relationship of regional frontal hypometabolism to executive function: a resting fluorodeoxyglucose PET study of patients with epilepsy and healthy controls. 2006 , 9, 58-67	31
2185	Age and physical activity influences on action monitoring during task switching. 2006 , 27, 1335-45	120
2184	Neural signatures of economic preferences for risk and ambiguity. 2006 , 49, 765-75	495
2183	Anterior cingulate and posterior parietal cortices are sensitive to dissociable forms of conflict in a task-switching paradigm. 2006 , 50, 643-53	191
2182	A core system for the implementation of task sets. 2006 , 50, 799-812	1335
2181	Resolving emotional conflict: a role for the rostral anterior cingulate cortex in modulating activity in the amygdala. 2006 , 51, 871-82	1033
2180	Motor-sensory recalibration leads to an illusory reversal of action and sensation. 2006 , 51, 651-9	256
2179	Cardiorespiratory fitness and acute aerobic exercise effects on neuroelectric and behavioral measures of action monitoring. 2006 , 141, 757-767	131
2178	Stereotype activation and control of race bias: cognitive control of inhibition and its impairment by alcohol. 2006 , 90, 272-87	104
2177	The influence of aging and frontal function on the neural correlates of regulative and evaluative aspects of cognitive control. 2006 , 20, 468-81	51
2176	Dysregulation of endogenous opioid emotion regulation circuitry in major depression in women. 2006 , 63, 1199-208	220
2175	Functional reintegration of prefrontal neural networks for enhancing recovery after brain injury. 2006 , 21, 107-18	36
2174	Brain potentials associated with outcome expectation and outcome evaluation. 2006 , 17, 1649-53	37
2173	Brain regions underlying response inhibition and interference monitoring and suppression. 2006 , 23, 1658-64	165
2172	Net influx of plasma 6-[18F]fluoro-L-DOPA (FDOPA) to the ventral striatum correlates with prefrontal processing of affective stimuli. 2006 , 24, 305-13	44
2171	Reward-related decision-making in pediatric major depressive disorder: an fMRI study. 2006 , 47, 1031-40	234
