Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
810	Speciation analysis of mercury and tin compounds in water and sediments by gas chromatography-mass spectrometry following preconcentration on C60 fullerene. 2005 , 548, 66-72		36
809	Speciation of organometallic compounds in environmental samples by gas chromatography after flow preconcentration on fullerenes and nanotubes. 2005 , 77, 5389-95		64
808	Developments in Bioremediation of Soils and Sediments Polluted with Metals and Radionuclides. 3. Influence of Chemical Speciation and Bioavailability on Contaminants Immobilization/Mobilization Bio-processes. 2005 , 4, 185-212		46
807	Contaminated Sediments. 2005 , 77, 2433-2461		
806	Phylogeography of sulfate-reducing bacteria among disturbed sediments, disclosed by analysis of the dissimilatory sulfite reductase genes (<i>dsrAB</i>). 2005 , 71, 1004-11		78
805	Storm disturbance of sediment contaminants at a hot-spot in the Baltic Sea assessed by ²³⁴ Th radionuclide tracer profiles. 2005 , 39, 984-90		18
804	Distribution of organochlorine compounds in the sea-surface microlayer, water column and sediment of Singapore's coastal environment. 2006 , 62, 1105-15		30
803	Dissolution of resin acids, retene and wood sterols from contaminated lake sediments. 2006 , 65, 840-6		22
802	Sources and sinks of sediment-bound contaminants in the Gulf of Lions (NW Mediterranean Sea): A multi-tracer approach. 2006 , 26, 1843-1857		94
801	Pilot survey of a broad range of priority pollutants in sediment and fish from the Ebro river basin (NE Spain). 2006 , 140, 471-82		120
800	An exploration of the relationship between adsorption and bioavailability of pesticides in soil to earthworm. 2006 , 141, 428-33		67
799	Phosphorus forms and bioavailability of lake sediments in the middle and lower reaches of Yangtze River. 2006 , 49, 28-37		18
798	Nutrient fluxes induced by disturbance in Meiliang Bay of Lake Taihu. 2006 , 49, 186-192		13
797	Comparison of different biological methods for the assessment of ecotoxicological risks. 2006 , 209, 275-84		17
796	Metal speciation in sulphidic sediments: a new method based on oxidation kinetics modelling in the presence of EDTA. 2006 , 367, 405-17		4
795	Metal bioavailability: how does its significance change in the time?. 2006 , 96, 131-6		12
794	Bioconcentration and Retention of ¹⁴ C-hexachlorobenzene (HCB): II. The Estuarine Clam <i>Mytella guyanensis</i> . 2007 , 2, 229-236		2

793	Modelling of Pollutant Fate and Behaviour in Bed Sediments. 2007 , 1, 263-294	1
792	Effect of overlying water pH, dissolved oxygen, salinity and sediment disturbances on metal release and sequestration from metal contaminated marine sediments. 2007 , 69, 1428-37	278
791	Introduction to emerging tools and their use in water monitoring. 2007 , 26, 263-267	30
790	Water sampling: Traditional methods and new approaches in water sampling strategy. 2007 , 26, 293-299	91
789	The occurrence of priority PAHs, nonylphenol and octylphenol in inland and coastal waters of Central Greece and the Island of Lesbos. 2007 , 210, 16-23	20
788	An evaluation of metal bioaccessibility in estuarine sediments using the commercially available protein, bovine serum albumin. 2007 , 107, 486-497	19
787	Toxicity of phenanthrene and lindane mixtures to marine invertebrates. 2007 , 22, 495-501	20
786	A geochemical analytical approach for the evaluation of heavy metal distribution in lagoon sediments. 2007 , 7, 313-325	29
785	Use of the diffusive gradients in thin films technique to evaluate (bio)available trace metal concentrations in river water. 2007 , 387, 2239-44	35
784	Distribution and contamination assessment of heavy metals in sediment of the Second Songhua River, China. 2008 , 137, 329-42	112
783	The risk of altering soil and sediment samples upon extract preparation for analytical and bio-analytical investigations--a review. 2008 , 390, 1975-85	25
782	Metal accumulation in intertidal marshes: Role of sulphide precipitation. 2008 , 28, 735-746	43
781	Input of particulate heavy metals from rivers and associated sedimentary deposits on the Gulf of Lion continental shelf. 2008 , 77, 285-295	82
780	Genotoxic damage in <i>Solea senegalensis</i> exposed to sediments from the Sado Estuary (Portugal): effects of metallic and organic contaminants. 2008 , 654, 29-37	67
779	The impact of eutrophication on the biogeochemical cycling of mercury species in a reservoir: a case study from Hongfeng Reservoir, Guizhou, China. 2008 , 154, 56-67	66
