CITATION REPORT List of articles citing

Reexploration for bleeding after coronary artery bypass surgery: risk factors, outcomes, and the effect of time delay

DOI: 10.1016/j.athoracsur.2004.02.088 Annals of Thoracic Surgery, 2004, 78, 527-34; discussion 534.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
