

# CITATION REPORT

List of articles citing

In vitro interaction of the HIV protease inhibitor ritonavir with herbal constituents: changes in P-gp and CYP3A4 activity

DOI: 10.1097/01.mjt.0000101827.94820.22

American Journal of Therapeutics, 2004, 11, 262-77.

**Source:** <https://exaly.com/paper-pdf/37625846/citation-report.pdf>

**Version:** 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
