

CITATION REPORT

List of articles citing

Hydrogen peroxide-enhanced three-dimensional endoanal ultrasonography and endoanal magnetic resonance imaging in evaluating perianal fistulas: agreement and patient preference

DOI: 10.1097/00042737-200412000-00014
European Journal of Gastroenterology and Hepatology
, 2004, 16, 1319-24.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
