

CITATION REPORT

List of articles citing

Increased capsaicin receptor TRPV1 nerve fibres in the inflamed human oesophagus

DOI: 10.1097/00042737-200409000-00014

**European Journal of Gastroenterology and Hepatology
, 2004, 16, 897-902.**

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
