Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
180	Pediatric guidelines. 2006 , 2, 386-7		0
179	Experience of the application of music in the care of a patient with intracranial haemorrhage. 2006 , 2, 290-294		
178	Live music is beneficial to preterm infants in the neonatal intensive care unit environment. 2006 , 33, 131-6		103
177	The effect of music listening on older adults undergoing cardiovascular surgery. 2006 , 11, 224-31		77
176	Investigating the neurobiology of music: brain-derived neurotrophic factor modulation in the hippocampus of young adult mice. 2007 , 18, 491-6		54
175	Does music perception have an impact on quality of life following cochlear implantation?. 2007 , 127, 682-6		56
174	Live Music Is Beneficial to Preterm Infants in the Neonatal Intensive Care Unit Environment. 2007 , 32, 130		1
173	Does Music Reduce Anxiety During Invasive Procedures With Procedural Sedation? An Integrative Research Review. 2007 , 26, 15-22		13
172	Music exposure differentially alters the levels of brain-derived neurotrophic factor and nerve growth factor in the mouse hypothalamus. 2007 , 429, 152-5		73
171	Effects of music on gastric myoelectrical activity in healthy humans. 2007 , 61, 1126-30		8
170	Music listening to facilitate relaxation and promote wellness: Integrated aspects of our neurophysiological responses to music. 2007 , 34, 134-141		61
169	The business case for building better hospitals through evidence-based design. 2008 , 1, 22-39		27
168	Impact of music on pediatric oncology outpatients. 2008 , 64, 105-9		42
167	A Review of CAM for Procedural Pain in Infancy: Part II. Other Interventions. 2008 , 5, 399-407		7
166	Music during caesarean section under regional anesthesia for improving maternal and infant outcomes. 2008 ,		
165	Effect of music on procedure time and sedation during colonoscopy: a meta-analysis. 2008 , 14, 5336-43		40
164	The experience and expectations of terminally ill patients receiving music therapy in the palliative setting: a systematic review.. 2009 , 7, 1-16		

163	Music during caesarean section under regional anaesthesia for improving maternal and infant outcomes. <i>The Cochrane Library</i> , 2009 , CD006914	5.2	12
162	Effects of music on anxiety and pain in children with cerebral palsy receiving acupuncture: a randomized controlled trial. 2009 , 46, 1423-30		23
161	Quelles straté gies thé rapeutiques adopter face au burn out des soignants ?. 2009 , 9, 251-255		1
160	Using music therapy protocols in the treatment of premature infants: An introduction to current practices. 2010 , 37, 211-214		13
159	Anxiolytic effect of music exposure on BDNF ^{Met} / ^{Met} transgenic mice. 2010 , 1347, 71-9		33
158	Effectiveness of music intervention on the quality of life of older people. <i>Journal of Advanced Nursing</i> , 2010 , 66, 2677-87	3.1	24
157	The effect of a music programme during lunchtime on the problem behaviour of the older residents with dementia at an institution in Taiwan. 2010 , 19, 939-48		35
156	The experience and expectations of terminally ill patients receiving music therapy in the palliative setting: a systematic review. 2010 , 8, 1088-1111		3
155	Music and medicine. 2010 , 3, 137-41		8
154	Comparison between massage and music therapies to relieve the severity of labor pain. 2010 , 6, 377-81		41
153	Sensorimotor modulation of mood and depression: an integrative review. 2010 , 207, 249-64		53
152	Effects of music therapy on pain and anxiety in patients undergoing bone marrow biopsy and aspiration. 2010 , 91, 746-51		50
151	Alleviating distress during antepartum hospitalization: a randomized controlled trial of music and recreation therapy. 2010 , 19, 523-31		17
150	. 2011 ,		
149	Traitement de lâHypocondrie chez la personne g e. 2011 , 11, 13-17		1
148	Mental health implications of music: insight from neuroscientific and clinical studies. 2011 , 19, 34-46		63
147	Selection of music for inducing relaxation and alleviating pain: literature review. 2011 , 25, 127-35		22
146	Music intervention and preoperative anxiety: an integrative review. 2011 , 58, 157-63		52

145	Emotional foundations of music as a non-pharmacological pain management tool in modern medicine. 2011 , 35, 1989-99	132
144	Effects of music therapy on pain among female breast cancer patients after radical mastectomy: results from a randomized controlled trial. 2011 , 128, 411-9	70
143	Die Bedeutung von Musik für die kardiovaskuläre Chirurgie. 2011 , 25, 297-304	
142	The impact of listening to music on analgesic use and length of hospital stay while recovering from laparotomy. 2012 , 35, 279-84	15
141	Effects of Music on the Psyche of Neuroendocrine Tumour Patients Undergoing Peptide Receptor Radionuclide Therapy. 2012 , 853-864	
140	Critical period for acoustic preference in mice. 2012 , 109 Suppl 2, 17213-20	65
139	The effects of music as therapy on the overall well-being of elderly patients on maintenance hemodialysis. 2012 , 14, 277-85	25
138	Role of music in intensive care medicine. 2012 , 2, 27-31	33
137	The nursing dimension of providing palliative care to children and adolescents with cancer. 2012 , 6, 75-88	5
