

CITATION REPORT

List of articles citing

Therapy insight: systemic lupus erythematosus as a risk factor for cardiovascular disease

DOI: 10.1038/npcardio0270

Nature Clinical Practice Cardiovascular Medicine, 2005, 2, 423-30.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
